OVERALL THE FLEECE IS A VERY GOOD IDEA

I FELT THE FLEECE WAS COMFORTABLE BUT MAYBE A BIT TO HEAVY AND HOT TO WEAR IN THE WARM WEATHER, BUT IN GENERAL WAS PROBABLY THE BEST PIECE OF CLOTHING THAT I HAD FITTED CORRECTLY.

FLEECE SLEEVES VERY TIGHT.
INNER POCKETS MATERIAL COMING AWAY FROM INNER PART OF FLEECE IN LEFT POCKET. NEEDS THE ZIP ON THE OTHER WAY ROUND.
DEFINITELY NEEDS SOMETHING ON THE BACK TO IDENTIFY THAT WE ARE LAS.

MAY NEED JOB POSITION EMBROIDED AS UNABLE TO SEE EPILEPES WHEN WORN.

A VERY NICE PIECE OF QUALITY KIT.

THE FLEECE IS AN EXCELLENT IDEA. QUICK TO WASH, DRY AND IRON.
I WOULD PREFER THE OPTION OF A LIGHTER VERSION FOR SPRING/AUTUMN CHILLY DAYS.

DIFFICULT TO COMMENT FULLY ON FLEECE AS I HAVE ONLY TRIED IT ON AS THE WEATHER WAS TOO HOT TO WEAR IT.

FLEECE IS VERY COMFORTABLE. MY ONLY COMPLAINT WOULD BE THE SLEEVES ARE TOO SHORT AND THE CUFFS TO TIGHT MAKING IT RESTRICTIVE

WOULD HAVE LIKED TO TRIED THIS DURING WINTER MONTHS TO DO IT REAL JUSTICE

VERY GOOD THAT IT ACTS AS A COAT LINING. MY ONLY COMPLAINT IS ONCE AGAIN THE QUALITY OF THE BADGE

CONCERNED THAT IN COLD WEATHER I MAY NOT BE WARM ENOUGH WITH THE FLEECE WITH THE LOSS OF A LAYER. COULD THE CUFFS HAVE A POPPER FASTENER RATHER THAN ELASTIC.

SEVERAL NON LAS PERSONNEL NOTED THAT WITH THE FLEECE ON IT WAS DIFFICULT TO TELL THAT WE WERE LAS

FLEECE IS FAR TOO HOT. WAS UNABLE TO WEAR IT DURING THE TRIAL AS TRYING IT ON FOR MORE THAN A FEW MINUTES AT A TIME MEANT THAT I BEGAN TO SWEAT. A THINNER FLEECE WOULD BE MORE PRACTICAL, AS MORE STAFF WOULD WEAR IT MORE OF THE TIME.

THE FLEECE COULD DO WITH A SOME REFLECTIVE STRIPS TO SHOW UP AT NIGHT. THE PLASTIC ZIP WAS NOT VERY GOOD AND IS JAMMING ON MY ONE.

I CUT THE ELASTIC ON THE CUFFS BECAUSE IT WAS VERY TIGHT.
MUCH BETTER WITH NO ELASTIC.

AGAIN VERY POOR QUALITY.
UNABLE TO DO UP MAIN ZIP. UNABLE TO ADJUST ELASTICATED DRAWSTRINGS AT BOTTOM OF FLEECE

GOOD QUALITY FLEECE
CUFFS NEED TO BE ADJUSTABLE - NOT ELASTICATED

FLEECE BULKY AND TOO THICK
FLEECE CUFFS POORLY FINISHED
FLEECE NOT BIG ENOUGH TO PUT OVER BODY ARMOUR

NEEDS LOGO ON BACK AND MAYBE REFLECTIVE STRIP ON BOTTOM OR ACROSS BACK/SHOULDERS.
CUFFS NEED LOOSENING A LITTLE

DID NOT LIKE ELASTIC IN CUFFS
SLEEVES NEED TO BE INCH LONGER.
NEEDS BETTER IDENTIFICATION

LONDOND AMBULANCE IF NEEDED TO BE INCLUDED WOULD BE BETTER ON THE FLEECE THAN ON THE SHIRTS

VERY NICE IDEA

BETTER EMBROIDERY NEEDED

Fleece Comments

NEED LAS ON BACK

ARMS TOO SHORT
CUFFS TOO TIGHT
TAKE A LONG TIME TO DRY

SOMETHING TO IDENTIFY RANK NEEDED ON FLEECE

WARM AND COMFORTABLE

DIFFICULT TO WORK IN

UNPROFESSIONAL LOOKING

NHS LOGO SHOULD BE ON CHEST

CUFFS TOO TIGHT
LENGTH OF ARM TOO SHORT
THUMB HOLE TOO SMALL

FLEECE NOT IDENTIFIABLE AS LAS UNIFORM

STYLE SHOULD MIRROR THE SHIRTS

FLEECE IS TOO HEAVY TO WEAR WITH THE HIGH VIZ. WOULD BE MORE PROFESSIONAL WITH EMBROIDERY ON THE BACK.
LOOKS UNTIDY OVERALL
POCKETS NEED TO BE ATTACHED MORE SECURELY

FLEECE LOOKS UNPROFESSIONAL
TOO HOT AND CUFFS TOO TIGHT

VERY HAPPY WITH THE FLEECE BUT WOULD NOT WANT EMBROIDERY ON THE BACK

RANK MARKING WOULD BE USEFUL

FLEECE NEEDS LAS EMBROIDERY ON REAR OR IT WILL BECOME HOME ISSUE

CUFFS TOO TIGHT
BETTER IDENTIFICATION NEEDED

FLEECE IS TOO HOT WHEN WORN WITH HIGH VIZ JACKET

VERY IMPRESSED

FLEECE LACKS CORPORATE IMAGE

FLEECE IS LIKE A JACKET - WOULD PREFER ONE LIKE A JUMPER

BEST BIT OF CLOTHING PROVIDED BY THE LAS

CUFFS TOO TIGHT

DUE TO WARM WEATHER THE FLEECE HAS YET TO BE WORN IN ACTION

I FOUND THIS DIFFICULT TO COMMENT ON TOO MUCH AS I DIDN'T GET MUCH CHANCE TO WEAR AS THE WEATHER MADE A TURN TO HOT.

TOO SHORT IN BODY. ALMOST SQUARE IN SHAPE. SLEEVES NEED TO BE LONGER.

EMBROIDERY ON THE BACK IS A MUST TO BE EASILY IDENTIFIABLE.

CUFFS TOO TIGHT, VERY RESTRICTING

LONDON AMBULANCE NEEDS TO BE EMBROIDERED ONTO REAR OF GARMENT. ONE LARGE EMBROIDERED LAS LOGO ON LEFT SIDE BREST AREA WOULD BE SUFFICIENT. TO BADGING REQUIRED ON ARMS.

Fleece Comments

THERE IS A NEED TO BE MORE RECOGNISABLE WHEN WEARING THE FLEECE ESPECIALLY IN CROWDED AREAS I.E. PUBS AND CLUBS. YOU GET BY WITH A SHIRT BECAUSE OF THE EPAULETTES, BUT THE FLEECE NEEDS SOMETHING.

THE FLEECE SEEMS TO BE OF A HIGH QUALITY, BUT I HAVEN'T WORN IT MUCH DUE TO THE WARMER WEATHER. I THINK IT WORKS WELL AS A LINING TO THE HI-VIZ JACKET, BUT THE OVERALL APPEARANCE IS TOO CASUAL, ALBEIT WARM AND COMFORTABLE. I THINK I WOULD HAVE FOUND IT FITTED BETTER IF I HAD A SMALLER SIZE.

WEARING THE FLEECE AS A SEPARATE ITEM WILL NOT LOOK PROFESSIONAL. THIS ITEM SHOULD BE WORN INSIDE THE HIGH VIZ JACKET ONLY.

I WAS NEVER PROVIDED THE CORRECT SIZE OF FLEECE. HOWEVER I BORROWED ONE FOR SOME SHIFTS AND FOUND IT REASONABLY COMFORTABLE.

TOO HEAVY AND THICK AND SLEEVES ARM BANDS TOO TIGHT.

LAS LOGO ON THE FRONT OF THE FLEECE.

THE FLEECE IS NICE, BUT WITH THE LITTLE OR NO MARKING IT LOOKS LIKE A FLEECE ANYONE OWNS. I DO NOT WEAR THIS AT WORK VERY OFTEN BECAUSE FROM THE BACK NO ONE KNOWS WHO YOU ARE AND IT LOOKS VERY CASUAL. NICE TO WEAR IN CAR TO AND FROM WORK.

ALTHOUGH I DON'T LIKE THE IDEA OF EMBROIDERY I DO FEEL THAT WE ARE NOT RECOGNISED IN THE FLEECE. MAYBE A BADGE ON THE REAR.

FLEECE IS VERY WARM. LIGHTWEIGHT VERSION SHOULD BE CONSIDERED ALSO FOR SUMMER MONTHS.

VERY IMPRESSED AND SHOULD BE VERY GOOD COME WINTER TIME.

FLEECE IS NOT BREATHABLE FABRIC AND WHEN WORKING CAN GET UNCOMFORTABLE AS THE WINDPROOF LINING IS A BIT TOO STIFF. OVERALL OK BUT NEEDS IMPROVING. A BIT TOO THICK.

UNABLE TO COMMENT FULLY ON THIS ITEM DUE TO WEATHER CONDITIONS. SHOULD BE TRIALLED IN THE WINTER AS WELL.

FLEECE IS EXCELLENT BUT CREW STAFF WILL NEED MINIMUM OF TWO EACH.

WITH NOW MARKINGS ON THE BACK, NOT EASILY IDENTIFIABLE IN CROWDS AND THE CUFFS ARE TOO TIGHT.

VERY POOR FIT. TOO BAGGY. CUFFS ARE FAR TOO WIDE AND TOO TIGHT.

THIS IS THE BEST NEW PIECE OF UNIFORM INTRODUCED BY FAR. ALL ROUND EXCELLENT.

POOR FIT AND TOO HEAVY. NOT CONVINCED IT WILL WASH AT HIGH TEMPERATURE IF SOILED WITH BODY FLUIDS. WOULD LIKE TO SEE A LIGHTER WEIGHT FLEECE JACKET WITH A SWEAT SHIRT FIT. DRAW STRINGS SNAPPED.

ONLY REALLY WORE IT ONCE OR TWICE BUT EVERYONE LIKED IT.

THE FLEECE IS GOOD FOR THE WINTER, BUT TOO HEAVY FOR ALL SEASONS, WHEN THE HI-VIZ JACKET ALONE MAY NOT BE WARM ENOUGH. A LIGHTER LINING, SIMILAR TO THE ONE ALREADY IN USE, MAY BE IDEAL FOR NON WINTER WEAR.

WEARING THE FLEECE AS A SEPARATE ITEM WILL NOT LOOK PROFESSIONAL. THIS ITEM SHOULD BE WORN INSIDE THE HI-VIZ JACKET ONLY.
