THE BOOTS I FOUND TO BE A LITTLE UNCOMFORTABLE AND BULKY AND MUCH PREFER THE ONES ALREADY AVAILABLE

I HAD THE MAGNUM 'BUILDER' BOOTS WITH THE RUBBER TOE FRONTS. I DID NOT LIKE THIS!!! MUCH MORE PREFERRED THE SHORT LEF MAGNUM 'PATROL' BOOTS LIKE MY CREWMATE HAD. YOU CANT POLISH THE 'BUILDER' TYPE, ONCE THE RUBBER BECOMES SCUFFED YOU CANT DO ANYTHING ABOUT IT TO MAKE IT LOOK HALF DECENT!

FOUND TO BE TOO HOT, ESPECIALLY WHEN SUNNY/WARM WEATHER

THE BOOTS WERE COMFORTABLE - STRAIGHT OUT OF THE BOX. THEY HAVE A FEELING OF SUPERIOR QUALITY

SOME STAFF HAVE MOANED THAT THESE BOOTS ARE NOT PROPER MAGNUM'S. IM NOT SURE WHAT PROPER MAGNUMS ARE BUT THESE SEEM OK. I DON'T LIKE THE LOCKING SYSTEM ON THE UPPER SET OF EYELETS, IT MAKES THEM DIFFICULT TO REMOVE. I CURRENTLY WEAR DOC MARTIN BOOTS - THESE MAGNUMS ARE NO MORE OR LESS COMFORTABLE THAN MY PREVIOUS ISSUES BOOTS. SEEMS LIKE A LOT OF FUSS ABOUT BRANDED BOOTS, THE STAFF INFORM ME THAT PROPER HITECH MAGNUMS ONLY COST A FEW MORE QUID. IF WE ARE GOING TO ISSUE NEW BOOTS BETTER MAKE SURE THEY ARE PROPER MAGNUMS OTHERWISE SOME STAFF MIGHT WHINGE

UNABLE TO TRIAL BOOTS AS EXTREMELY LARGE FOR SIZE

ABOUT TIME WE HAD ACCESS TO DECENT FOOTWEAR

FEEL THE BOOTS ARE VERY HOT TO WEAR
STYLE OF BOOT I WAS WEARING IS NOT THE ONE PROPOSED FOR ISSUE TO THE LAS AS THE PATROL BOOT MAY HAVE BEEN BETTER

FOUND THE MAGNUM BOOTS UNCOMFORTABLE AND MUCH PREFERRED THE REDWOOD BOOTS IN GENERAL ISSUE NOW

HIGHER BOOTS WOULD BE PREFERABLE AS THE MAIN DISCOMFORT IS FROM THE TOP OF THE COLLAR AT THE BACK OF THE BOOT DIGGING IN TO THE TENDON.

GOOD BOOTS DID NOT NEED TO BE BROKEN IN. NOT SURE ABOUT THE EXTRA AT THE TOE COVERING

MY MAGNUMS ISSUED TO ME HAVE A SUEDE TOE CAP WHICH I THINK IS SILLY. I LIKE TO KEEP BOOTS WELL PLSHED AND I FOUND THAT THEY ALWAYS LOOK DIRTY

VERY COMFORTABLE

COULD POLISH UP BETTER OTHERWISE A STEP IN THE RIGHT DIRECTION

GOOD QUALITY. GOOD FIT.
THEY DO MAKE MY FEET ACHE AFTER LONG SHIFTS

WHAT HAPPENED TO THE HIGH LEG MAGNUM BOOTS? THAT'S WHAT I ORDERED

ABOUT TIME - A DECENT PAIR OF BOOTS!
BOOTS WITH TOE CAP ARE VERY PRACTICAL

SHOE LACES KEPT COMING UNDONE, OTHERWISE VERY GOOD

HIGH LEG BOOTS REQUIRED

UNABLE TO WEAR BOOTS AS MY SIZE WAS UNAVAILABLE

MAKE YOUR FEET SWEAT
DON'T SUPPORT ANKLES
VERY UNCOMFORTABLE
LOOK HORRIBLE

EXCELLENT
CHOICE OF LONG BOOT OR SHORT BOOT NEEDED

Magnum Boots Comments

BEST BOOTS I HAVE EVER HAD

MAKES FEET LOOK WIDE AND UNSHAPELY
SPECIAL LACE SYSTEM VERY FIDDLY AND NOT WORTH IT

OPTION OF HIGH LEG BOOTS WANTED

QUALITY PRODUCT - PLEASE ISSUE

SEWING FRAYED VERY EASILY ON RUBBER PROTECTION - LEAVING IT LOOKING UNPROFESSIONAL

EXCELLENT

BOOTS WERE NOT ISSUED TO ME BUT I HAVE USED MAGNUM BOOTS BEFORE AND THEY ARE VERY GOOD

VERY UNCOMFORTABLE, TOO WIDE - TOO HOT

BOOTS UNCOMFORTABLE
NO SHOCK ABSORBANCY - MORE FLEXIBLE FABRIC NEEDED

BOOTS WERE THE CORRECT SIZE BUT YET COMPLETELY WRONG FOR MY FEET. TOO NARROW OVER THE
ARCH AND TOO WIDE AROUND TOES
LACES ARE FIXED TO LOW ON THE BOOT

HIGH LEG CHOICE NEEDED

HIGH LEG OPTION WANTED

LACING SYSTEM IS BAD.
BOOTS VERY HOT

ARE HEAVIER THAN THE REDWOOD BOOTS

VENTILATION PROBLEMS

TOO HEAVY AND TOO HOT
FASTENINGS DIFFICULT
NOT WIDE ENOUGH

LACES KEPT COMING UNDONE

LACES KEPT COMING UNDONE

EXCELLENT

BOOTS AWKWARD TO GET ON AND OFF

ON A PERSONAL NOTE, I DO NOT THINK IT IS A HEALTH & SAFETY ISSUE TO HAVE STEEL TOE CAPS. IF YOU
LOOK AROUND AT OTHER SERVICE, THEY DID HAVE THEM FOR A WHILE AND WENT BACK TO SOFT TOES.
BUT OTHERWISE THE STEEL TOE CAPS WERE COMFORTABLE AND ROOMY. ONLY MAGNUM BOOTS CAN
OFFER THIS.

MY PAIR HAS NOT GOT THE RUBBER PROTECTION ON THE TOE CAP DUE TO THE SOFT LEATHER THEY ARE
SCUFFED.

DID NOT TRIAL

I WAS ISSUED WITH THE ABOVE ANKLE BOOT. I FOUND IT TO BE VERY COMFORTABLE AND SUPPORTIVE.

I WAS ISSUED WITH THE ABOVE THE ANKLE BOOT. I FOUND IT TO BE VERY COMFORTABLE AND SUPPORTIVE.

MY REAL COMPAIN IS THE TYPE OF FASTENING AROUND THE LEG. THESE ARE MADE WITH EYELETS AS
OPPOSED TO THE CURRENT WRAP AROUND STUDS, OTHER THAN THAT THEY ARE GOOD.

THEY TOOK SOME TIME TO BREAK IN, BUT I NOW FIND THE MAGNUM BOOTS VERY COMFORTABLE, AND IF I
WAS WORKING ROUTINELY ON AN AMBULANCE, WOULD FIND THEM IDEAL. I HAVE THE SMALLEST SIZE
PROVIDED, SO I BELIEVE WE WOULD NEED TO IDENTIFY TO MAGNUM THAT WE REQUIRE SMALLER SIZES TO
BE MADE AVAILABLE FOR SOME OF OUR STAFF.

I HAVE NOT BEEN ABLE TO TRIAL THESE. I WAS PROMISED BOOTS EIGHT WEEKS ON I STILL HAVE NOT RECEIVED ANY IS THIS AN INDICATION OF OUR USUAL SUPPLY PROBLEMS AGAIN?

THE POSITION WHERE THE TONGUE DOUBLE FOLDS ON THE INSIDE OF THE BOOT CAUSED CONSIDERABLE DISCOMFORT TO EACH ANKLE BONE.

LIGHTWEIGHT AND EXTREMELY COMFORTABLE.

I DID NOT RECEIVE THE BOOTS AND SO CANNOT COMMENT.

THE LACES KEPT COMING UNDONE. I DIDN'T FIND THEM VERY COMFORTABLE AROUND THE ANKLE.

NEVER RECEIVED PAIR OF MAGNUM BOOTS.

DO NOT FEEL COMFORTABLE IN BOOTS, ESPECIALLY WHEN DRIVING AND CARRYING PATIENTS DOWNSTAIRS WHEN THEY ARE NARROW STAIRS. THERE SHOULD BE A CHOICE OF SHOES OR BOOTS.

VERY COMFORTABLE - KEEP THESE

I DO NOT LIKE THE EYES ON THE BOOTS WHICH LOCK THE LACES, WHICH MAKE THEM FIDDLEY TO TIGHTEN AND GET ON AND OFF. I MUCH PREFER THE UPPER FASTENINGS WHICH CAN BE LACED FROM SIDE TO SIDE WITH RATHER THAN THIS TYPE WHICH NEEDS TO BE THREADED THROUGH HOLES.

THESE AR THE BEST FITTING AND MOST COMFORTABLE BOOTS WORN SINCE JOINING 7 YEARS AGO. AT TIMES ME FEET BECAME QUITE WARM IN THE BOOT. COMMENTS HAVE BEEN MADE ABOUT THE REDWOOD BOOT (GOOD COMFORT AND FIT) I CANNOT COMPARE HAVING NEVER HAD THOSE. 100% IMPROVEMENT.

TOO TIGHT AROUND THE ANKLES SO I HAVE HAD TO LEAVE THE ANKLE AREA UNFASTENED WHICH LOOKS UNSIGHTLY. FIND THE BOOTS EXCEPTIONALLY HEAVY AND ON TIRED LEFTS (ON 12 HOURS SHIFTS) I COULD DO WITHOUT THE EXTRA WEIGHT. ALSO NO HALF SIZES AVAILABLE AT FITTING SO I AM A SIZE 6½ WEARING A 7 (POTENTIAL SAFETY PROBLEM)

FOUND THESE BOOTS VERY UNCOMFORTABLE. MY FEET SLIPPED AROUND IN THE BOOT EVEN AFTER TRYING SEVERAL DIFFERENT THICKNESS' OF SOCKS. THE ANKLE RUBBED AN THE BALL OF MY ANKLE.

I HAD BUILDER ST'S, UNCOMFORTABLE TO DRIVE IN.

WOULD HAVE PREFERRED TO TRIAL THE HIGH BOOTS I ORIGINALLY ASKED FOR.

ONE OF THE BOOTS HAS A LOWER QUALITY LEATHER. HOPEFULLY THIS IS AN EXCEPTION.

I WOULD PREFER THE LONGER ONES AS I FIND THEM MORE COMFORTABLE.

FOUND TO BE NARROW IN THE FOOT. PREFER A HIGHER IN THE LEG BOOT.

MAGNUM DON'T DO HALF SIZES WORE SHOES FOR 2 WEEKS AND HAD STOP AS TOO LOOSE AND CAUSING ME TO TRIP. MAGNUM SAID THEY DON'T HAVE 1/2 SIZES AND MADE ME FEEL IT WAS MY FAULT TO HAVE 8 1/2 FEET.

FEET SWEATED FAR MORE IN THE BOOTS.

I FOUND THE BOOTS TOO TIGHT AND MORE DIFFICULT TO LACE UP AND UNDO THAN PREVIUOS BOOTS.

I WAS DISSAPOINTED TO SEE THE RUBBER START TO COME AWAY FROM THE FRONT OF MY BOOTS AFTER ONLY 1 WEEK. DESPITE THIS THEY WERE QUITE COMFORTABLE.

I FIND SAFETY SHOES AND ANKLE BOOTS HEAVY AND PREFER ABOVE THE ANKLE FOR SUPPORT.

VERY HEAVY, HIGN SO MARKED THE LEG WHERE IT RUBBED. DIDN'T CONTINUE TO WEAR THEM.

VERY GOOD - A LITTLE BIT OF RUBBING TO START WITH, BUT NOW VERY GOOD. CAN GET A BIT HOT BUT MORE LIKELY A PROBLEM WITH MY FEET.

THESE BOOTS ARE A VAST IMPROVEMENT ON THE CURRENT ISSUE BOOTS.

THE POSITION WHERE THE TONGUE DOUBLE FOLDS ON THE INSIDE OF THE BOOT CAUSED CONSIDERABLE DISCOMFORT TO EACH ANKLE BONE.

Magnum Boots Comments

I AM PLEASED WITH THE MAGNUM BOOTS SINCE I HAVE EXPERIENCED TROUBLE GETTING SERVICE BOOTS TO FIT MY SMALL FEET. THEY WERE IMMEDIATLEY COMFORTABLE - NO BREAKING IN REQUIRED EVEN FOR A 12 HOUR SHIFT.
