Annual leave during the Olympic and Paralympic Games

The bulletin issued on 28 March 2012 advised staff of the need to put annual leave requests 'on hold' in order to assess the overall resourcing needs over the Games period for all staff in the Service.

After careful consideration and following discussion and agreement with Unison, I can confirm that annual leave can now be allocated in line with existing arrangements with no additional 'cap' applied. For support services staff, this will be dependant on the usual discretion of local managers and the needs of their service area.

Thank you for your patience in this matter.
